To apply, applicants will first be required to complete an online application form and submit the following:

- A copy of their latest CV
- A list of CPD undertaken to improve Expert Witness practice over the last three years
- A 250-word statement reflecting on how the CPD has developed skills, knowledge, and practice
- An anonymised report from a closed case
- An anonymised joint statement that they have created, ideally, but not necessarily, linked to the report submitted. The report should have the name of their counterpart and their

counterpart's comments removed. EWI recognise that different jurisdictions/court systems have different approaches to Expert Meetings and Joint Statements. For example in the Family Courts, Joint Statements are written by a solicitor and in Scotland Expert Discussions are not commonplace. We will recognise this and where no joint statement is available for submission ask the Expert to submit a statement on the practice in their jurisdiction.

- A statement detailing their experiences in participating in Expert Discussions and reflecting on the joint statement submitted (where this has been submitted)
- A list of any judgments of which the expert is aware in which they have been named
- Details of three instructing parties who can act as referees.
- Confirmation that they are willing to abide by the [EWI Code of Professional Conduct](#).

1.4.2.2 Stage 2: Pre-assessment review

The submitted application will be reviewed by a member of EWI staff who has received training in Certification Applications to make sure that it is complete. Training provided to staff will cover an in depth understanding of the programme, procedures and the checks and verifications they will need to undertake on applications. Any queries will be resolved in discussion with the Membership Committee. Staff will identify whether the applicant needs a report assessed and/or a cross-examination assessment.

Referees will be contacted and asked to submit their reference. Referees will be asked for feedback on the applicant's practice in relation to core competencies 5,6, and 7.

1.4.2.3 Stage 3: Report Assessment

If the applicant was approved for Full Membership in the preceding 5 years, the assessment of their previous report will be used. This will be recorded in the application record for the assessors.

If a report is to be assessed, it will be assessed using the current method employed by the membership committee. The report will be submitted to an assessor from the membership committee who will review and score it based on the current expert report assessment criteria which can be found at Appendix 3.

As at present, it is expected that the majority of report assessments would be completed in 2-3 weeks. Whilst the assessment is being undertaken, the applicant can continue with Stages 3 and 4.

The results of the assessment will be recorded in the application record.

1.4.2.4 Stage 4: Online Regulations Quiz

The applicant will be invited to undertake the Online Regulations Quiz. Applicants will be able to select a quiz relating to the Jurisdiction and Court that they do most work in. The quiz will be 20 multiple choice questions based on those regulations. The Membership Committee have already created the relevant quiz for Civil Proceedings in England and Wales for the previous version of Certification so we will build on this experience to create additional quizzes.

On completion, the results will be recorded by a member of EWI staff in the application record.

1.4.2.5 Stage 5: Cross-Examination

If an applicant has successfully completed the Cross-examination module with Bond Solon in the last 5 years, their certificate will be used as evidence of this. This will be recorded by a member of EWI staff in the application record.

If the applicant requires a cross-examination assessment, the applicant will be cross examined by a barrister on a case (using the report submitted in support of their application). Cross-examination

will take place via Zoom or in person and will be recorded. The barrister will be provided with a copy of the competencies the assessor will be considering as part of the assessment and will be asked to give the candidate opportunities to demonstrate these. Any barrister participating in the programme will receive a full briefing, so they understand how the cross-examination assessment fits into the full assessment.

All applications will be assessed by the EWI Membership Committee.
